

Fatal road crashes in the Dutch province of Noord-Brabant 2018-2019

In 2018-2019, 221 fatal road crashes occurred in the province of Noord-Brabant. A total number of 243 road deaths resulted from these crashes. The SWOV team for in-depth research studied¹ which crash patterns regularly recurred and which factors contributed to the occurrence and outcome of these crashes.

Road to zero road deaths
